

NEW! Doctors & Health Insurance Bootcamp

We are one week into the Doctors & Insurance Bootcamp ... and we want you to join us!

You guys have been hounding us for support in finding a doctor and working with insurance companies to get your labs drawn and to get the care you need covered, and we're excited to give it to you!

This how-to program will unravel the mystery and give you actionable steps you can take to build your medical team, get your labs paid for, appeal your insurance claim rejections, find out what kind of treatment your insurance company will pay for, and so much more.

For a sneak peek to help you understand what we're discussing in the Doctors & Health Insurance Bootcamp, check out the free webinar we hosted with Gretchen Bronson (Shijin on the forums), who shared with us the trials and frustrations she overcame to build her team of doctors and to get her health insurance to pay for LABS! (Hello, this was a BIG reveal for all of us!) Dr. Kruse made a special appearance at the end and joined us for a Q&A to boot.

Week Two's call is **THIS THURSDAY, August 15, 2013**. When you sign up, we'll send you the link to watch last week's call and

access all the forms Gretchen shared to help you confirm your coverage, appeal your claims, plus templates to help you begin building your health history and tracking your symptoms (your docs will need this to justify many Rx's and treatments). We'll also send you call-in info for this week's call. I hope you all will plan to join us for this POWERFUL series!

****All calls are on Thursdays at 7 pm CT; replays are Sundays at 6 pm CT.****

Doctors & Health Insurance Bootcamp Call Schedule:

Week #1: Getting Started with Labs

- How to get started
- Creating your health history
- How to hack your labs
- What if you can't "afford" labs?
