Are you are a healthcare provider or practitioner?

We want to support **you** in integrating the protocols and prescriptions created by Dr. Kruse into your practice, collaborate together to support patients, and support each other in helping our patients achieve health and wellness.

As a **Platinum Klub member**, you will receive:

- Access to a private forum on JackKruse.com where you can collaborate with other practitioners or doctors and Dr. Kruse to brainstorm on patient care, lab dilemmas, and other relevant topics in a private setting
- Live monthly Q&As in Google Hangout around topics relevant to being a healthcare provider
- Advanced notice of Continuing Education that will be given by Dr. Kruse around Optimizing Health, Reversing Disease and Clinical Case Management
- A Listing in the Epi-Paleo Practitioners section of JackKruse.com that will include your info about your clinic, your picture, credentials, address and methods of contact so that members can find you.
