

# QT #4: Is the flow of energy and information equivalent?

Even when the experts all agree, they may well be mistaken. This is the case with photosynthesis. How energy and information flows is not equal.

**IS OUR ZIP CODE MORE IMPORTANT THAN OUR GENETIC CODE BECAUSE OF OUR ATPase design?**

Is this why I drag my members to the Yucatan yearly? yep.

What makes Yucatan special is the Chicxulub crater? Information and energy transfer is optimized in the ATPase at this location even in a plasma filled with nEMF.
